

June 11, 2020

Dear Resident Families,

Soon after we sent you the letter of June 8, we received results from the lab that is handling our Covid-19 testing, that we now had a new cluster of three people who tested positive. Two of them are Little Sisters and one is an employee. The two Little Sisters, while working about in the Home, have not left the property since March. The employee is not direct care staff.

Monday, June 8, was the 6th testing here at Queen of Peace. The Little Sisters tested negative on June 5th and then it was the 6th test that proved them positive. The Residents will continue to be monitored for fever and other symptoms on a twice daily basis.

Please pray with us that we will soon be rid of this invisible enemy! God bless you all.

Sincerely,
Sister Celine Therese
