

January 29, 2021

Dear Resident Families,

The latest test results for Covid-19 were negative for Residents and staff! If things continue in this way, the quarantine will end on February 2. When it ends, the Residents will be tested again. Then, if Residents and staff remain negative, we can go back to monthly testing. Unfortunately, there is no guaranty. We hope and pray!

The Residents continue to accept all that comes their way, but are certainly ready to abandon the quarantine. We know that they miss all of you. With God's grace, visitation will not be too far off.

The second Covid-19 vaccine was administered to the Residents on Monday, the 25th. Staff members, who received the first dose on January 4, also received the second dose this past Monday. Other staff members, who were vaccinated with the first dose, will receive the second dose in approximately 11 days.

Our German Night fundraiser, held in January, has been cancelled as well as the American Bandstand fundraiser which is held in March. Our annual Golf Tournament has been postponed until August. Some things will need to be modified, but we're hoping that with mask wearing and social distancing, golfers will be able to hit a few balls!

Tuesday, February 2, is Groundhog Day. We all know what it means if he doesn't see his shadow...early Spring! Let's hope he doesn't see it!

Tuesday is also the World Day for Consecrated Life. Please pray for all the Little Sisters here at Queen of Peace, that even with obstacles like Covid-19, we will continue to live our consecration with joy.

I've used the word "hope" much in this letter. Coupled with faith and courage, it will carry us forward!

Keep safe! God bless you all!

Sincerely,
Sister Celine Thérèse
