

April 1, 2021

Dear Residents' Families,

We have good news – we hope! All the staff tested negative on Monday and the Residents tested negative yesterday. We are testing staff again today. If we are all still negative, visits can resume on a limited basis. We will be able to sing with the Church, “ALLELUIA”!

Sister Sheila is preparing a revised policy on visitation which hopefully will be included with our letter next week. In the meantime, you can phone the Little Sister Supervisor of your loved one's unit about arranging for an Eastertime visit.

In one of my letters, I mentioned that the ladies in the skilled nursing units would be making Easter bonnets, thanks to the financial help of one of the families. The Activity Department has even managed to help the men make Easter hats! The parades are scheduled for Easter Monday morning on the third floor and in the afternoon for the second floor. I'm sure they'll be photos to share!

Unlike last year, we will be able to have modified services for Holy Week in our chapel this year. We are hoping that some Residents from the second floor, who would like to come for Mass on Easter Sunday, will be able to do so. What a beautiful day for them to return to the chapel!

I want to get this letter to you before Easter, so I won't prolong. Be assured of our prayers for each one of you and your families. May the Risen Lord bless you and fill you with His peace. Blessed Easter!

Sincerely,
Sister Celine Thérèse
